

# TERM 3

## holiday program

### **Saturday 26th September - 3-3.45pm**

Fun Family Fitness – any age

Get the whole family together for a dance themed workout! All ages and all abilities welcome!

### **Sunday 27th September - 2-3.30pm**

Bake with BDA – any age

After the successful event during the last Mid-Term break, we are bringing back Bake with BDA! Students and family members of all ages are welcome to join us in baking together.

### **Monday 28th September - 10-10.30am**

Dance with Elsa and Anna – any age

Do your little ones love Frozen? Dressed as their favourite Frozen character, let your little ones have a Frozen princess dance party!

### **Tuesday 29th September - 3-4pm**

Design Your Own Costume – Junior age group+

For our creative and artistic students. Learn how to create your own dance costume and start the design process!

### **Wednesday 30th September - 1.30-3.30pm**

Create a Music Video – Junior age group+

Students will come together to plan a concept, choreograph, pick costumes and film their very own music video!

### **Thursday 1st October - 10-11am**

Learning the Language of Music – Pre-Inter age group+

A unique opportunity to learn the wonderful language of music! Students will learn the skills involved in reading music which will benefit them in auditions, school music and more!

### **Friday 2nd October - 8-9pm**

TikTok Time – Junior age group+

Students will create a TikTok dance with the help of one of our staff members. It is sure to be trending in no time! #BDAdancers

### **Saturday 3rd October - 2.30-3.30pm**

BDA's Got Talent and Competition Display – any age

Our annual display of student talent and creativity! We can't wait to see our BDA singers, dancers and acrobats perform their own content, as well as our BDA soloists and duo partners perform their competition routines which they have been working on all year and unfortunately have not yet been able to compete.

### **Sunday 4th October - 4-5pm**

Flexibility Workshop – Pre-Inter age group+

Using the latest release and mobilisation techniques, learn how to safely make the most of your flexibility
