

BDA Fees Policy

BDA Fees are based on an hourly rate of teaching where the more hours of teaching provided the scale of fees declines. In establishing the rate it is assumed that the student will undertake a calendar year of four terms of classes. The Fee Table represents an average term fee regardless of the number of weeks in the term. Please note; we do not charge fees on a per class basis.

Once the Fee Table is published it remains set for that calendar year.

Once students enrol and pay term fees it is expected that they will attend all programmed classes. There will be no refunds for classes missed or not scheduled due to Public Holidays. Where classes are cancelled at short notice (eg. due to sickness) those affected students will receive replacement classes at a later date or if the class cannot be rescheduled, then a refund will be provided.
